

PARENT PERMISSION FORM
MEDIA COVERAGE, COPYRIGHT PERMISSION

From time to time during the school year, the media and or St. Joseph the Worker School may be covering school or divisional events. On occasion, while covering these events, students are interviewed and/or still or moving images of them are taken for use by the media or school, for example for use in divisional publications or videos, or on websites (school, teacher websites).

Student Identification on Websites

Please be assured that on the St. Joseph the Worker website, your child in kindergarten to Grade 6, and their work, will be identified by first name only. It is the school's practice not to include the name of a student with their image.

Student Copyright Permission

A student's work is copyrighted to that student. Permission must be granted by the student, and their parent/guardian if they are a minor, to have their work published by the media or St. Joseph the Worker School, for example in videos or on websites.
