### **REGISTRATION POLICY – AMENDMENT on Admitting Parishioners**

---

St. Joseph the Worker School's current Registration Policy gives first priority acceptance to Catholic parishioners from St. Joseph the Worker Parish as well as Blessed Sacrament Parish. The secondary priority is given to Catholic parishioners from other Catholic churches. In order for this policy to apply, applicants must be active parishioners in their Parish for a minimum of 1 year; this means they attend Mass regularly, and/or donate monies, and/or volunteer their time. Applicants must also complete the Parish/Priest Reference Form (*see Appendix 1*).

If an applicant has just moved into the area and are new Parishioners, the above amendment may be waived, as long as the applicant have their previous Parish/Priest, whenever possible, complete the Parish/Priest Reference Form (*see Appendix 1*).
